About CHCANYS

- Community Health Care Association of New York State (CHCANYS) is New York State's primary care association.
- Part of the Health Center Support department, our Emergency Management program offers resources, trainings, and technical assistance to improve primary care centers' ability to plan and prepare for, respond to and recover from emergencies and disasters.
- In New York City, CHCANYS works in close partnership with NYC Department of Health and Mental Hygiene (DOHMH).

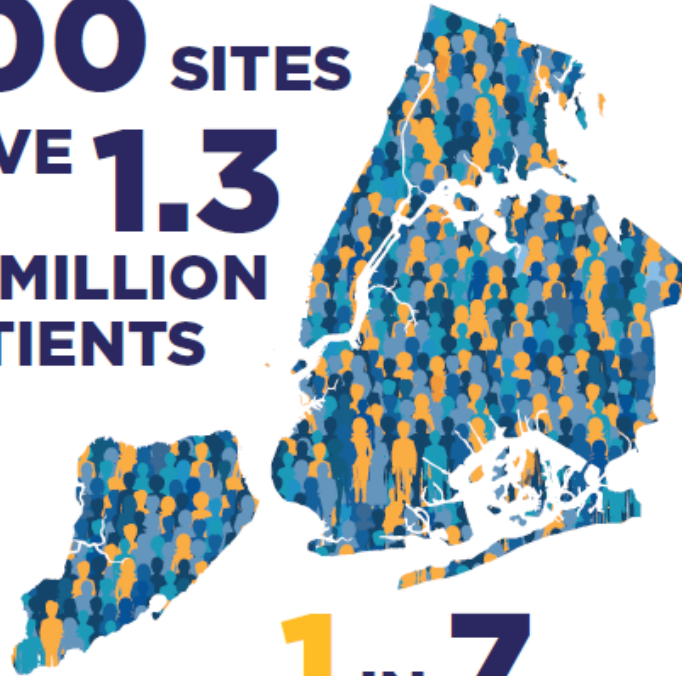

Health Emergency Preparedness in NYC

- The New York City Department of Health and Mental Hygiene (DOHMH) Office of Emergency Preparedness and Response (OEPR) works to prevent, protect against, respond to, and increase NYC's ability to recover from the public health impacts of emergencies.
- DOHMH does this through partnerships with various city, state and federal agencies, healthcare facilities, and community leaders and organizations to better protect and meet the needs of NYC citizens

Today's Objectives

At the end of this Seminar, attendees will be able to:

1. Describe the role of community health centers in supporting community resiliency
2. Summarize relevant New York City Health Care Coalition activities relevant for community health centers
3. Discuss available options for the Priority Telecommunications Services within the U.S. Department of Homeland Security
4. Describe available emergency management resources for community health centers
5. Recognize cyber security risks that may affect community health centers
6. Apply resources and practical information about planning for an active shooter threat
